## Board Director Receives Certificate of Completion

Knowledge is power! Understanding the cooperative world and knowing how to take a leadership role is crucial to providing what is best for members of Sac Osage Electric Cooperative.

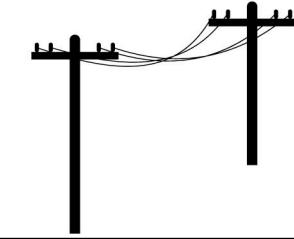

The Credentialed Cooperative Director (CCD) program through NRECA (National Rural Electric Cooperative Association), consists of five courses that focus on basic governance knowledge and the essential skills required of cooperative directors. The CCD prepares directors to fulfill their fiduciary duty as elected officials serving on behalf of their membership. Upon completion of all five CCD courses, directors are awarded the Credentialed Cooperative Director Certificate by NRECA. Once the CCD is completed, participants can then pursue the Board Leadership Certificate.

Board Director, Maranda Spangler, completed the 5 necessary courses in September and received her Credentialed Cooperative Director (CCD) Certificate through NRECA on November 6<sup>th</sup>, 2025.
